

From the highest mountains to the deepest sea, Italy will dazzle you with the contrasting shades of nature!

---

"We are tied to the ocean.  
And when we go back to the sea, whether it is to sail or to watch -  
we are going back from whence we came."

---

"When the wind calls, you know, that somewhere in the mountains, it has found the answers that you were looking for. The pull of the horizon overcomes the inertia of reason...And you just have to go."

**Come to Italy and be surprised!**
