

**Already know some of the most famous cities in Italy?
Want to do **something different**?**

Let us take you to somewhere special.

How about taking your guests to stay in a **historical stately home** with over 300 years of history, that has been transformed into a luxury hotel. Indulge in the fantastic atmosphere and make **Sina Villa Matilde** your base for a few days.

The hotel is ideal for meetings, with great facilities for up to 90 people and is close enough to **Turin** and its magnificent buildings and museums.

Let's take a trip together to the **Piedmont area**, and explore the **Veneria Reale** and then adventure out to the **Aosta Valley** and fill the days of your guests with visits to castles, forts and medieval villages.
